

GTP Blog Instructions

How to Create a Blog Article for Your
Web Site

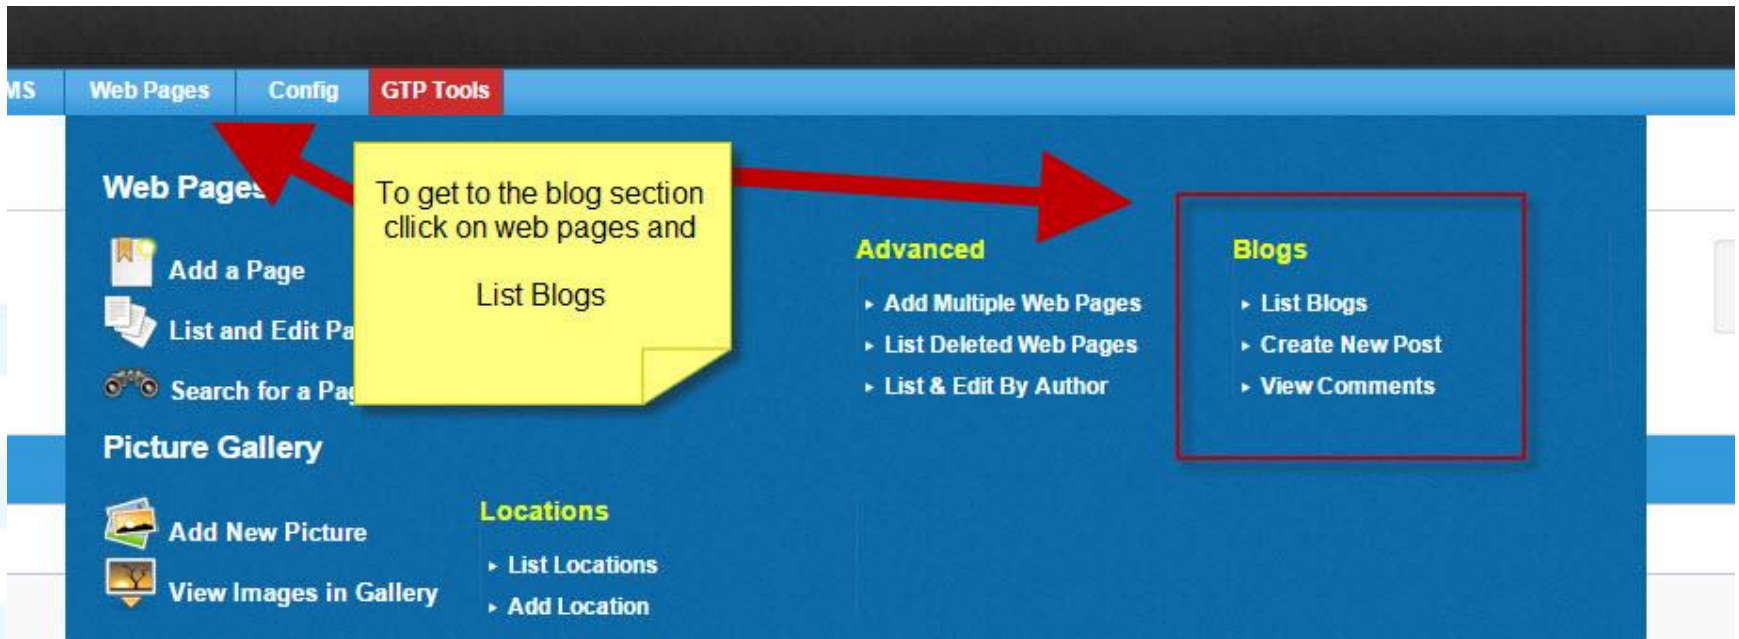

Pre - Requisites

- The blog front end code from GTP needs to be installed on your web site and possible styled before you can use the blog infrastructure built into the GTP CMS.

Login to The CMS

The screenshot shows the CMS interface with a navigation bar at the top containing 'MS', 'Web Pages', 'Config', and 'GTP Tools'. The 'Web Pages' section is highlighted with a red arrow pointing to a yellow note that says 'To get to the blog section click on web pages and List Blogs'. Another red arrow points from the 'List Blogs' link in the note to the 'Blogs' section on the right, which is enclosed in a red box. The 'Blogs' section contains links for 'List Blogs', 'Create New Post', and 'View Comments'. The 'Advanced' section contains links for 'Add Multiple Web Pages', 'List Deleted Web Pages', and 'List & Edit By Author'. The 'Locations' section contains links for 'List Locations' and 'Add Location'. The 'Picture Gallery' section contains links for 'Add New Picture' and 'View Images in Gallery'.

Blog Page Now Appears

The screenshot displays the Baby Blush website interface. At the top, the header includes the Baby Blush logo (a cartoon rabbit) and the tagline "Baby Gifts, Nappy Cakes & Hampers". Navigation links for "Login" and "Register" are present, along with a shopping cart icon showing "1 items". A search bar is located on the right side of the header.

Below the header, a horizontal menu lists various site sections: Home, About Us, Custom Orders, Delivery, FAQs, Safety, Terms and Conditions, Testimonials, Customer Service Center, and Contact Us.

The main content area features a "Search" section on the left with a search bar labeled "Search our blog ...". Below this is a "Recent Posts" section listing two posts: "Moo the Cow takes a break" and "New Web Site for Babyblush".

The central focus is the blog post titled "Moo the Cow takes a break" by Dale Carter, dated 2015-04-28. The post features a large image of a smiling cow plush toy surrounded by smaller plush toys. A yellow callout box with the text "Our blog page" points to the blog post area.

At the bottom of the page, there is a blue silhouette of a city skyline.

Web Address of your blog

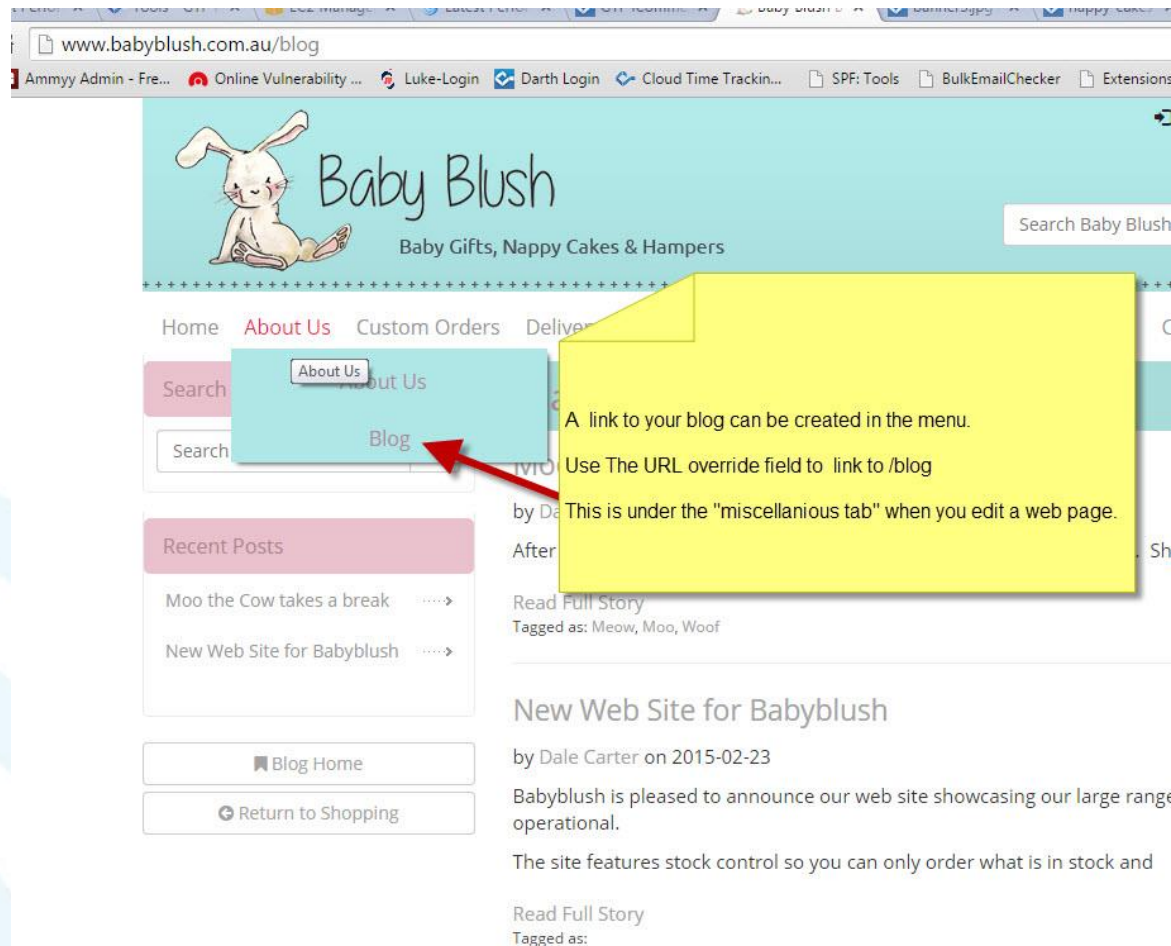

The screenshot shows a web browser displaying the website www.babyblush.com.au/blog. A red arrow points to the `/blog` part of the URL, which is highlighted in a yellow box. A yellow callout box with a red border contains the text: "This is the base URL for the blog section on your web site".

The website header includes the Baby Blush logo (a cartoon rabbit), the text "Baby Gifts, Nappies", and a search bar. The navigation menu includes links for Home, About Us, Custom Orders, Delivery, FAQs, Safety, Terms and Conditions, Testimonials, Customer Service Center, and Contact Us. The main content area features a "Baby Blush Blog" section with two articles:

- Moo the Cow takes a break** by Dale Carter on 2015-04-28. The article text reads: "After our very popular Moo Cow design, we are out of stock for a while. Should we..."
- New Web Site for Babyblush** by Dale Carter on 2015-02-23. The article text reads: "Babyblush is pleased to announce our web site showcasing our large range of creative designs is now up and operational. The site features stock control so you can only order what is in stock and..."

On the left side of the page, there is a sidebar with a search bar, a "Recent Posts" section listing the two articles, and buttons for "Blog Home" and "Return to Shopping".
